Agreements with LabCorp: The parties to the arrangement include Imperium Clinical Partners (ICP) and Laboratory Corporation of America Holdings and its subsidiaries ("LabCorp"). The agreements are effective as of January 1, 2022. Under the agreements, the parties will coordinate with each other to meet requirements for reporting quality and cost measures, establish clinical decision support programs to support chronic disease management and population health strategies, and evaluate and address the health needs of Imperium Clinical Partners (ICP)'s patient population. LabCorp will make available laboratory testing services to Imperium Clinical Partners (ICP)'s providers, and Imperium Clinical Partners (ICP) will integrate and use this information in Imperium Clinical Partners (ICP)'s data analytics programs, reporting measures, and care coordination and intervention strategies. The agreements include a series of potential grants to develop infrastructure and redesigning care processes to allow for high quality and efficient service delivery for patients whereby Imperium Clinical Partners (ICP) must meet certain quality metrics to be eligible. This arrangement allows the parties to promote accountability for the quality, cost and overall care for Imperium Clinical Partner (ICP)'s patients and manage and coordinate care for these individuals. With respect to this arrangement above, Imperium Clinical Partners (ICP)'s governing body has made and duly authorized a bona fide determination that the arrangement is reasonably related to the purposes of the Medicare Shared Savings Program.
